**INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), applicant brings to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits after the filing of a Request for Continued Examination in the above-referenced application.

Applicants attach copies of the listed documents. Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

The foreign patent document listed in this Information Disclosure Statement was first cited in a Notification of Reasons for Rejection ("Notification") mailed on March 7, 2006, and a Final Notice of Rejection ("Final Notice") mailed on March 14, 2006, from

the Japanese Patent Office in corresponding Japanese Patent Applications, and this Information Disclosure Statement is being filed within three months of the mailing date of the Notification and the mailing date of the Final Notice. A copy of the Notification and a copy of the Final Notice are attached for the Examiner's convenience.

In lieu of a statement of relevance or translation of the non-English document, an English language version of the Notification and an English language version of the Final Notice are also attached. Applicants do not necessarily endorse the conclusion set forth in the Notification or the Final Notice.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
